

Watford Half Marathon - Sunday 7th February

Whilst a number of his contemporaries were involved in the inter-club cross country series at Killamarsh, Martin Stanton chose to stick to the roads with his second half marathon race in two weeks. Following on from the stunning improvement seen at the Brass Monkey 13.1 miler, Martin consolidated this form with another sub 1:45 run. He finished just four seconds outside his Brass Monkey mark in 1:44:38 which saw him comfortably finish in the top half of the 1,846 strong field, taking 735th position overall.
