USE OF RETFORD OAKS ACADEMY	<p>This is the ninth year we have used Retford Oaks Academy for the Retford Half Marathon. We have been given permission to use the great facilities at Retford Oaks by Kajima. In order to use the facility for future events it is essential that the building and grounds are left in an excellent condition ready for use by the school on Monday morning. To help with this, please use the bins provided to dispose of any rubbish or take this home with you. If you see any problems or witness anyone acting suspiciously in or around the school please alert the police, a marshal, or any other members of the event staff as soon as you can. The Retford Oaks buildings and site (including playing fields) are strictly no smoking and no Pets – please ensure your supporters are also aware of this.</p>
EVENT SAFETY - General	<ol style="list-style-type: none"> 1. Please use the football pitches/tennis courts at Retford Oaks to warm up. Please DO NOT use the road outside school. 2. Runners should take care at all times to minimize any risk to the safety of themselves, other runners, and other members of the public including cyclists and drivers. 3. Bright coloured/high visibility clothing is recommended for all.

4. We do have a number of blind/partially sighted runners. Please take particular care to give these runners space, especially at points on the course which are not closed.
5. In line with UKA rules and safety concerns only bone conducting headphones are allowed at this event, no noise cancelling/in ear headphones are permitted and the usage of this equipment may result in disqualification.
6. Competitors must complete all fields on the reverse of their race numbers, and must not cut, fold or mutilate them. Please complete the fields on your race number before you arrive at the event.
7. The course uses public roads and some A class roads. Please keep to footpaths where possible and take extreme care and caution when running on parts of the course that are not closed to road vehicles. Road vehicles have right of way on roads and at junctions that are not closed off. Runners must give way to cars on any part of the course where it is not safe for runners and cars to pass together.
Take particular care:
 - a.) *Leaving Retford Oaks heading up to Hallcroft Roundabout. The road is closed heading up to the Roundabout but is open to traffic heading in the opposite direction. Runners are permitted to run either on the pavement or on the road (in the direction of Hallcroft Roundabout), however please ensure you stay within the cones as you progress up Hallcroft Road to the roundabout.*
 - b.) *At the pinch point on the pavement leading from Babworth Road onto the Great North Road where pedestrians may be coming in the opposite direction. As traffic will be held on the Roundabout temporarily, runners are encouraged to take this corner on the road and NOT on the pavement.*
 - c.) *Once progressed onto the Great North Road, runners are encouraged to remain on the road but can also use the footpath. The road is closed in the direction of Ranskill/Doncaster (right through to Billy Button Lane at Torworth) but as traffic will be flowing on the opposite side of the road (towards Retford), please ensure that you stay within the cones. Please also adhere to the marshal instructions and course signage, and please be aware of traffic that will be turning out of (or into) homes/businesses/properties along Great North Road.*
 - d.) *At all points on the A634 (the Blyth to Barnby Moor road). This road is closed to main traffic but runners should take care when turning off Billy Button Lane onto the A634 and on all other parts of this road in case any vehicles make it onto this road during the race. Runners should remain on the right hand side of the road heading towards Blyth and the right hand side heading towards Barnby Moor after the turn around point.*
 - d.) *On Old London Road - runners should take care when*

	<p><i>approaching the A1 slip road junction where it meets Old London Road. By this point runners should be on the left hand side of the road and should continue on the left hand side all the way to the top where Old London Road meets Babworth Road (as Old London Road will be open both ways to local residential traffic, and traffic coming from the A1 slip road junction).</i></p> <p><i>e.) Runners should move onto (and remain on) the path on the left hand side of the A620 (the Worksop – Retford road) all the way to the school. The route no longer involves Ordsall Park Road therefore runners should stay on the left side of the A620 all the way back to Retford Oaks. <u>Runners who do not remain on the pathway and/or do not adhere to marshal instructions may be disqualified as this is a busy and fast stretch of road and running on the road risks the safety of runners and other members of the public including cyclists and drivers.</u></i></p> <p>8. At all times runners must obey any direction given to them by police, marshals, or other race officials and adhere to the guidance above. Failure to comply will result in disqualification, possible legal proceeding, and also jeopardises the staging of this event in future years.</p> <p>9. We hope you enjoy the race, have fun and arrive safely at the Finish. Do take care at all times.</p>
<p>COVID GUIDANCE</p>	<p>EVENT VILLAGE</p> <ol style="list-style-type: none"> 1. All marshals and staff within the event and around the course will be issued with a high visibility vest to denote who they are. 2. Race packs will be posted out ahead of the event. 3. Please limit the number of belongings you bring to the event and if possible leave anything in a car. This is in order to reduce contact between runners and staff. 4. You will see clear signage around the event village, please follow all signage and instructions from the marshals before, during and after the race. 5. St Johns Ambulance medical support will be available at the finish area. <p>DURING THE RACE</p> <ol style="list-style-type: none"> 6. The race <u>will not</u> start in waves but we would ask that faster runners start nearer the front and slower runners nearer the back to avoid any congestion and the need to overtake on course. 7. There will be water stations on the course (cups) and a water station at the end (sealed bottles) however we ask that you stay hydrated before the event and if you are able to please bring your own. Bottles and camelbacks are

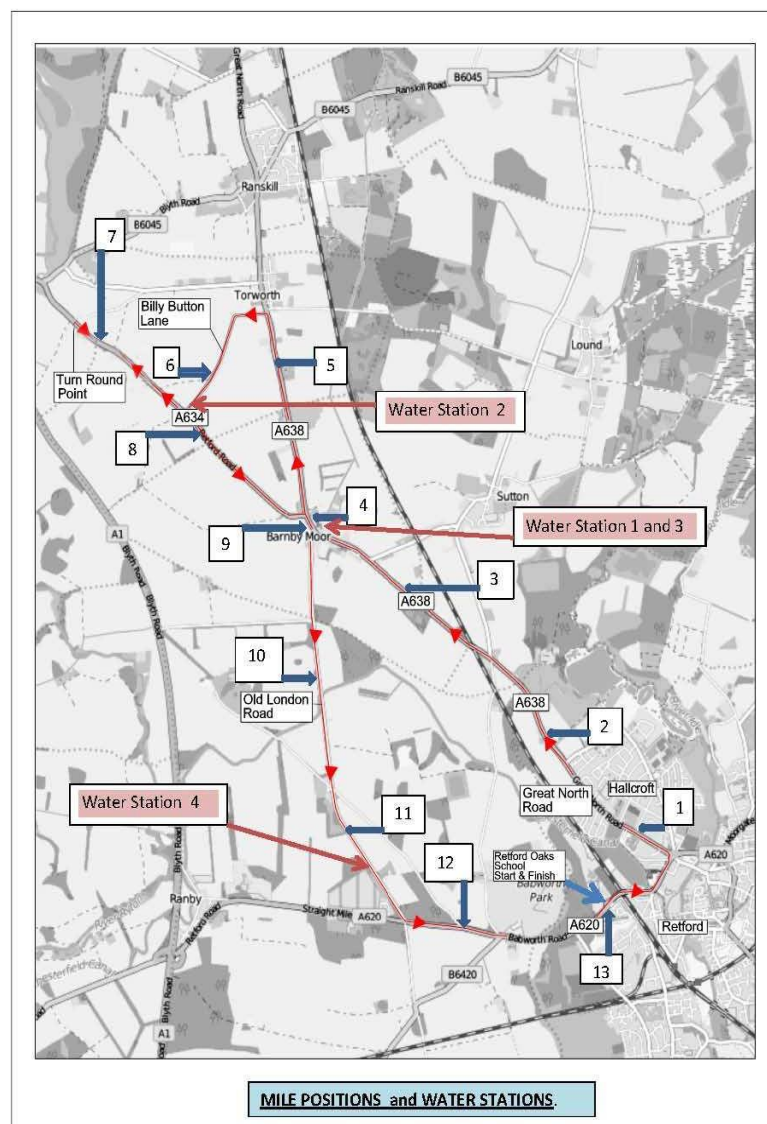

permitted but please do not leave any bottles etc. on the course – please take these home with you.

9. If you need to overtake on the course please give a wide berth, if possible of at least 1 meter around any runners or members of the public (but do ensure you do not put yourself or any other runners or road users in danger)
10. Spitting and nasal clearance during the race is not permitted.

AFTER THE RACE

11. Do not stop within the finish barriers. Please continue past the finish until you collect and pass the finishers mementos and are in an open space.
10. We ask that once you have collected your finishers mementos and water and keep clear of the finishing line.
